

52 Things to Support your Child's

Speech and Language Skills.

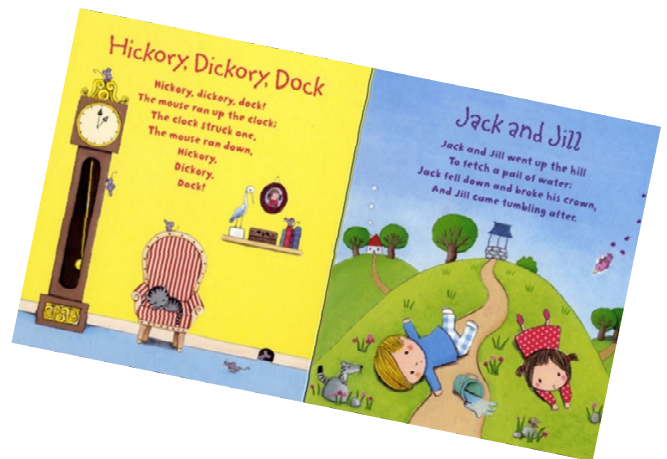

Rhyme Time

World Nursery Rhyme Week commences this week (Monday 18th November) and so to celebrate try taking part in some wonderful rhyming fun.

Develop your inner 'Superstar' by practising your child's favourite Nursery Rhyme with them. Record a video so that you can watch it back and share your wonderful singing!

If your standard Nursery Rhymes are a little young for your children, look at the different versions that you can find on Youtube 😊

Make it easier:

Draw pictures and make up your own actions to support with recalling the Nursery Rhyme.

Make it harder:

Try to make up your own Nursery Rhymes - keep the same tune but change the words e.g. Jack and Jane went on the train to fetch a box of chocolates.

They ate the lot and missed the stop and made it home the day after.
