

Social distancing keeps us safe

I will sit at my own table
I will use my own resources
I will keep a distance of 2 metres between myself and others
I will stay in my group
I will put my hand up if I need something

I will not get out of my seat to talk to someone on another table
I will not use anyone else's resources or share mine
I will not touch anyone
I will not mix with children from a different group
I will not get out of my seat to fetch something

I must also wash my hands as soon as I come into school and throughout the day when asked to do so.
