

Ben Wood – Assistant Ecologist
Bachelor of Science, Master of Science, ACIEEM

Ben graduated from the LEMUR traineeship scheme run by Herefordshire Wildlife Trust in 2013 and has since worked within the Ecology team at Warwickshire County Council, where he has provided ecological planning advice, habitat and species records maintenance, data analysis and Phase 1 and protected species surveys.

Ben has been providing part-time ecology support to Solihull's CLAUDE team since October 2016. Ben is a qualified botanist (BSBI Field Skills level 4) and skilled in working with GIS and spatial data. He also spends his free time volunteering for Warwickshire Bat Group, Birmingham and the Black Country Bat Group, Warwickshire Mammal Group and Warwickshire Amphibian and Reptile Team.
