

**Danny Hodson** Project Manager Wildlife Ways – Landscape Architect

*B.Sc. (Hons) Environmental Studies (2:1), Diploma in Landscape Architecture Dip LA,  
CMLI (Chartered Member of the Landscape Institute)*

A Chartered Landscape architect with over 20 years' experience across a wide range of services and projects with varying scales, complexities, clients, team cultures and working environments, in both the public and private sectors.

Landscape Design and contract administration from master planning stage including urban regeneration and construction projects, parks, skate parks/ MUGAs, play areas, drainage schemes, public art and interpretation. Naturalistic projects include planting and management plans, urban and rural forestry contracts, natural play, cycle routes, habitat creation, lakeside design, community gardens and sensory/ special education. Other services include feasibility studies, cost estimating, consultation exercises, consultants' appointments, grant applications, landscape appraisals, planning applications and obtaining statutory consents.

Danny began working for Solihull MBC in January 2018 as a landscape architect and later as the Project Manager for the landscape and biodiversity element of the ERDF Wildlife Ways (Greening the Grey) Project; he works closely with SMBC Transport and Highways in delivering the wider project aspirations.
