

Jenni Blakeman Development Officer – Ecology

MSc Biodiversity and Conservation, BA (Hons), Associate member of Chartered Institute of Ecology and Environmental Management

Jenni has 12 years' experience working in the nature conservation sector, and has been at SMBC since 2013. Her previous roles have been with conservation charities (Wildlife Trusts) and government agencies (English Nature and then Natural England).

Jenni has worked on a range of habitat creation and restoration projects including large-scale wetland restoration and conservation grazing projects. She has produced management plans for a variety of sites and habitats and has worked with volunteers and community groups.
