

Ulrike Kern Senior Development Officer – Urban Design

BA (Hons) and Dip LA Landscape Architecture, MA Urban Design, LL.B (Hons) Law

Ulrike qualified as a Chartered Landscape Architect in 1994 and completed her MA in Urban Design in 2011. Prior to joining SMBC, she worked as a landscape architect with a number of local authorities gaining ca. 15 years of experience in the design and implementation of residential, highways, public realm, urban park and play schemes; as well as green infrastructure, site and master planning for sustainable urban extensions.

Since joining SMBC as Urban Designer, Ulrike has worked on public realm and street design schemes, facilitated workshops and concept plans for town centre regeneration and urban planning projects. She has a particular interest in the integration of buildings, external spaces and green infrastructure in an urban context and in developing design solutions for sustainable residential development.
