

**Sal Bridges** Chartered Landscape Architect

*B.Sc. (Hons), Landscape Design and Archaeology (2:1), Dip LA, CMLI*

Sal has extensive experience in all aspects of landscape design and project management services, gained from over 20 years working in private practice, environmental charities, and the public sector. She has developed an innovative and diverse project portfolio, ranging from community based urban renewal schemes, including an award winning natural play area, to high profile heritage lottery projects.

Sal also has extensive experience in all aspects of contract management for landscape works, including JCT, JCLI

Joining Solihull MBC in March 2016, her current design work includes a public realm project for the North Solihull Partnership, grounds/sensory garden for a new specialist nursing home, and wetland habitat schemes that form part of a multi-million habitats and nature improvement programme in north Solihull, funded by the ERDF.

She is currently responsible for the office project management procedures to ensure quality assurance for the landscape design service
